Dear Harold,

Enclosed find 2 obits on Rufus Youngblood and a story about Angleton and his dealings with the Warren Commission. Could you give me your views on the Angleton story? Can you tell me anything about John Scelso? Is there any way of knowing the real identity of Scelso. Anything you may be able to tell me about this Angleton story and anything on Scelso would be really appreciated. I do hope you are feeling and doing well.

Sincerely,

Scott Wilson
